Itinerary

Day 1: Arrive in Las Vegas, NV

Friday, October 4, 2024

Upon arriving in Las Vegas, meet with your fellow travel companions and Orbridge Expedition Leader. At the hotel, settle in and enjoy a welcome reception with the group.

Overnight: The Westin Las Vegas Hotel and Spa (R)

Day 2: Las Vegas / Death Valley National Park

Saturday, October 5, 2024

Today head for Death Valley, famous for being the hottest, driest, and lowest national park. Many visitors expect to encounter a completely arid, shadeless expanse devoid of life. But this park of more than three million acres is a realm of surprise and contrast. During a full day of sightseeing, discover sculptural

canyons, mountain-sized sand dunes, and abundant wildlife. From the snow that frosts the park's towering peaks to its lush wildflower meadows, there is much to see and explore in this beautiful, but challenging, landscape.

Head 282 feet below sea level to the surreal terrain of Badwater Basin, the lowest place in North America. Rain and minerals dissolved from rocks drain to this lower elevation, and as the water evaporates, minerals concentrate until only the salts remain. A short boardwalk leads you out to the salt flats and to Badwater Pool, a small body of water fed by a spring with aquatic insects and the Badwater snail. Visiting Badwater Basin provides a unique experience and a landscape that appears to stretch on forever.

Later, gather for dinner.

Overnight: The Inn at Death Valley (B,D)

Day 3: Death Valley National Park

Sunday, October 6, 2024

Delight in additional geologic and scenic treasures of Death Valley National Park. This may include the most popular scenic drive in the park—a nine-mile paved road through eroded, colorful desert hills. The rainbow hills of Artists Drive were formed by volcanic deposits of different compositions.

Additional potential highlights are discovering the immense area of rock salt eroded by wind and rain into jagged spires at Devils Golf Course, or taking in the famous view known as Zabriskie Point. Other options abound, including marveling at the Mesquite Flat Sand Dunes, the largest dune field in the park. Here, polygon-cracked clay of an ancient lakebed forms the floor and mesquite trees have created large hummocks that provide stable habitats for wildlife. You might also step back in time at Keane Wonder Mine, one of the best examples of a historical gold mining operation in the park.

Overnight: The Inn at Death Valley (B,D)

Day 4: Death Valley National Park / Mammoth Lakes

Monday, October 7, 2024

Depart Death Valley for a scenic drive to Mammoth Lakes, a charming town in California's Sierra Nevada mountains. On the way, see the Manzanar National Historic Site to learn about the experience of more than 10,000 Japanese Americans who spent all or part of World War II there. Hear their stories and learn about the legacy of an important chapter in America's history.

Mammoth Lakes is a gateway to majestic seasonal landforms and attractions. Mono Lake Tufa State Natural Reserve was established to preserve the spectacular "tufa towers." These are calcium-carbonate spires and knobs formed by the interaction of freshwater springs and alkaline lake water. The tufa formations are notable for their unusual shapes and abundance. Extensively studied by scientists, they have aided in understanding the climate history of this region. The reserve also protects the lake surface, wetlands, and other sensitive habitat for the millions of birds that feed and rest at Mono Lake each year.

Overnight: The Village Lodge at Mammoth (B)

Day 5: Mammoth Lakes / Yosemite National Park

Tuesday, October 8, 2024

Today, exit Mammoth Lakes and head towards the waterfalls, granite monoliths, and ancient sequoias of Yosemite National Park. Along the way, drive over the spectacular Tioga Pass (weather conditions permitting). This eastern access to Yosemite provides photo opportunities as the park's dramatic domes and drop-offs are highlighted.

Overnight: Tenaya Lodge at Yosemite (B,D)

Day 6: Yosemite National Park

Wednesday, October 9, 2024

Within Yosemite's nearly 1,200 square miles are wild meadows, rivers, lakes, and some of the world's most renowned rock formations. Did you know this diverse landscape supports more than 400 species of wildlife? Look around, and you'll likely spy one of the park's many amphibians, reptiles, birds, or mammals. A true treat would be to spot the rare Sierra Nevada red fox, seen for the first time in nearly a century on a wildlife camera in 2014.

Relish an entire day to soak in this park's natural beauty. Depending on the seasonal operation schedule, enjoy the open-air tram tour of the valley floor if possible. Led by park rangers and Yosemite hospitality naturalists, you'll learn about the history, flora, and fauna throughout the park.

Lunch and afternoon activities are open for your leisure to enjoy. Work off the midday meal with a local hike, or take it easy with a complimentary program offered by the National Park Service.

Tonight return to the hotel to relax and revisit your memories of the day.

Overnight: Tenaya Lodge at Yosemite (B)

Day 7: Sequoia and Kings Canyon National Parks

Thursday, October 10, 2024

Today, adventure awaits in Sequoia and Kings Canyon National Parks. These parks, which lie side by side, further testify to nature's size, beauty, and diversity. The parks' long list of superlatives includes Mount Whitney, the highest point in the contiguous United States, and the Kings River Canyon, one of the deepest in North America.

Sequoia National Park was established in 1890 to protect the General Grant Grove of giant sequoias. Kings Canyon National Park, established in 1940, is a wide glacial valley with green meadows, waterfalls, tall cliffs, and meandering rivers set against the high peaks of the Sierra Crest in the distance.

Explore the trails, scenery, and Visitor Center to take in the wonder. In Sequoia National Park, the Giant Forest harbors the world's largest collection of sequoia trees. The biggest of them all, the General Sherman Tree, measures more than 100 feet around the base of its massive trunk. Other trees are taller or wider, but none has the combined weight and width of this glorious one. How big is big? Consider this: every year it adds enough wood to make another 60-foot tree. Scientists have speculated that it may be more than 2,000 years old.

Linger in these outstanding natural preserves and admire their amazing features. The two parks protect numerous karst streams and some of the best alpine karst topography in the United States. The lower elevations are home to a variety of wildlife, including bobcats, foxes, ground squirrels, mule deer, rattlesnakes, and reclusive mountain lions. This California Foothills ecosystem is the only one protected by the National Park Service.

This evening, clear skies permitting, you may elect to stargaze on your own, observing the waning light beneath the Southern Sierra Nevada mountains.

Tonight, join fellow travel companions for a special farewell dinner.

Overnight: Tenaya Lodge at Yosemite (B,D)

Day 8: Fresno / Depart Fresno

Friday, October 11, 2024

After breakfast, the group departs together for Fresno Yosemite International Airport for flights home. *(B)*

B = Breakfast, L = Lunch, D = Dinner, R = Reception

(Itinerary subject to change.)

Activity Level

Moderate

The majority of the program's activities will take place outdoors and a fair amount of walking on varying terrain is to be expected. Many of the parks have dirt trails, but they are usually fairly smooth for walking. Some have paved pathways or boardwalks. It is our expectation that guests on this program are able to walk a mile at a moderate pace, get in and out of a motor coach, and walk up a flight of stairs without assistance. Also keep in mind that you will experience varying altitudes from -200 feet below sea level up to 10,000 feet, to which you may not be accustomed.

Itinerary

Day 8: Monterey

Friday, October 11, 2024

After breakfast, travel through California's farmlands to the Pacific coastal town of Monterey. With vineyards, artist communities, lighthouses, quaint shops, and a world-renowned aquarium, the town is packed with culture, history, and charm. A wonderful diversity of marine life distinguishes this area, including sea lions, sea otters, harbor seals, bat rays, kelp forests, pelicans, and dolphins.

Later, visit the famous Monterey Bay Aquarium, a facility known for its interactive exhibits. At the impressive Open Sea section, the aquarium's largest display, see up-close tuna speeding past and sardines swarming in huge, glittering schools. Watch the sea turtles swim lazily across the 90-foot window, while nearby brilliant jellies pulse through the water. For 35 years, the Monterey Bay Aquarium has been instrumental in rescuing sea otters no longer able to survive in the wild. Learn amazing facts about such wildlife, including, for instance, that sea otters have the world's densest fur, with up to a million hairs per square inch. Humans, by comparison, have 100,000 hairs or less on our whole heads!

Overnight: Victorian Inn

Day 9: Monterey / Cambria

Saturday, October 12, 2024

One of today's highlights includes traveling along the scenic 17-Mile Drive that hugs the Pacific coastline. View the iconic "Lone Cypress" rooted dramatically to a granite hillside, the beautiful white sand beach at Fanshell Overlook, Spanish Bay's grassy shoreline, treacherous Point Joe, and Pebble Beach Golf Links.

Continue down the Central Coast from Monterey to Moonstone Beach in Cambria. Along the Pacific Coast Highway, stop to admire the panoramic vistas at iconic locations, including Bixby Creek Bridge and Big Sur.

Overnight: FogCatcher Inn (B)

Day 10: Cambria / Santa Barbara

Sunday, October 13, 2024

Did you know that elephant seals come ashore once a year and shed their first layer of skin and fur to replace with new ones? Make sure to have a camera ready to photograph these fascinating creatures.

This afternoon, relax and raise a glass to toast your California adventure with a wine tasting event. Experience the beauty and charm of Santa Barbara's wine country with a visit to Zaca Mesa. Just 25 miles from the Pacific Ocean, these vineyards sit in a sweet spot providing the ability to grow dynamic, balanced Rhône grapes, such as Syrah, Grenache, Mourvèdre, and Viognier. From the aroma of the wines' bouquet to vistas of the beautiful San Rafael Mountains, this event engages the senses and celebrates the distinct characteristics of the area.

Next, tour the Historic Old Mission in Santa Barbara, established in 1786 as the 10th of the 21 California Missions to be founded by the Spanish Franciscans. Situated on 15 acres overlooking the Pacific Ocean, the Mission grounds include the beautiful church, historic cemetery and mausoleum, a nine-room museum of historical artwork and artifacts, and multiple lush gardens. Learn about the Chumash—a Native American tribe who occupied an area from Malibu to San Luis Obispo. Exceptionally restored and well-maintained by the Franciscan monks still living here, the Mission provides guests both beauty and educational insights into the long history of this region of California.

Children. Orbridge welcomes the participation of children in most of its programs. However, in the event you do include your children or other minors for whom you serve as legal guardian ("Dependents") in your travel plans, you hereby agree that you are and shall be at all times solely responsible for their care, actions, safety and protection during the program and any pre-tour and/or post-tour. Should you have any questions whether a particular program or inclusion is possible or suitable for your Dependent(s), please contact us.

Baggage. Program rates include the price of one piece of policy-compliant baggage per person during the land, cruise or rail portion of the program only unless specified in the itinerary. Air carriers and motor coaches often impose significant other restrictions or limitations on the number of pieces, size and weight of luggage and may reject or impose additional fees on luggage exceeding such limitations or restrictions. All such fees are your sole cost and responsibility. In addition and regardless of location or transportation method, your baggage and personal effects are and shall at all times be at your sole risk throughout the entire program. Please check with your air carrier for other applicable baggage restrictions and limitations.

countries require your passport to have an expiry date of not less than six months after your anticipated return to the United States. Orbridge disclaims all liability for any expenses or costs you may incur due to your prohibition or restriction from entering a country on the program itinerary or reentering the United States at the conclusion of the program.
