

LA PINTA

The Pleasure of Luxury Cruising in the Galápagos

Modern and welcoming interiors come together aboard our Galápagos Expedition Yacht La Pinta, inviting you on an in-depth exploration of some of the most precious and hard-to-reach islands in the Galápagos. The ship's elegant and modern feel extends to its restaurant, bar and sun deck. Exceptional service awaits with our attentive crew and naturalist guides, who provide you with high-caliber hospitality and insightful excursions. La Pinta's modern design offers plenty of style and comfort throughout its interior and exterior spaces while still keeping our guests connected with the everlasting wonder that exists beyond its gorgeous spaces, making it the perfect size and vessel for exploring the Galápagos in elegance.

An In-Depth Exploration of the Galápagos Islands

Connect and engage with the Galápagos in the most fulfilling way possible through our expedition cruise's selection of exciting activities approved by the National Park: hiking, kayaking, snorkeling, coastal exploration and glass-bottom boat rides!

Enjoy the added benefit of having an onboard Expedition Leader, who'll be in charge of making sure that your experience of the Galápagos remains everything it can be and more!

Bask in the comfort of having a smaller Guest-Guide ratio, allowing excursion groups to stay well below the National Park maximum of 16:1.
